Brand New Book ***** Print on Demand *****.One of the most common cliches about success - that it is a journey, not a destination - has concealed one of its most defining qualities. Success really is a dynamic and ever-moving process. It is about making the right moves at the right time. In this absorbing and uplifting book, Jag Shoker - a leading performance coach to business leaders, sports professionals and creative performers - brings the science and inspiration behind success to life. He reveals the 7 Master Moves that combine to create the high performance state that he calls Inspired Movement: the ability to perform an optimal series of moves to create the success you desire most. Drawing widely on scientific research, his extensive consultancy experiences, and insights into the successes of top performers in business, sport, and entertainment, 7 Master Moves is a synthesis of the leading-edge thinking, and paradigms, that underpin personal performance and potential. Building upon key research in fields such as neuroscience, psychology, expert performance and talent development - 7 Master Moves represents an evidence-based meta theory of what really works. Compelling to read, and easy to follow, the book incorporates a strong practical element and shares a number of powerful and practical exercises that can help you apply each Master Move and achieve greater results in your life and work. Regardless of your profession or passion in life, the 7 Master Moves will reward those who are prepared to work hard to achieve the success that matters most to them.
