By Michael Mathiesen

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Food Networking - Found at - - is all about how anyone can feed their family the most healthful and delicious food on the planet and make their living by simply telling everyone on the web about it. Get them to TRY some of our food and they will become your customers for life. When you have a few hundred customers in your downline, most of these will also find more customers which makes you even more money. This is called Food Networking. But it gets better still, even the customers on this second level of yours - people you never even knew existed - will start finding their customers very easily also by just letting more people on Facebook, Twitter, LinkedIn, Pinterest, Youtube etc, also try the food. You get paid on these people too. Believe it or not. This is just the beginning of our compensation plan. It goes down 5 more generations of customers AND there are bonuses that go to INFINITY. Some of our distributors will make millions by only finding six customers themselves...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
