A.D. 2014-16: Emergency Medical Technician Vitto Quintivale takes a call that changes his life forever, as if an icy hand gripped his heart and an icy breath drew the life from his lungs. As his life spins violently out of control he reaches within, into the world of dread dreams that has risen from his very blood to torment him, for the answer that might save him from the one thing he most fears-insanity. Winter is a tale of blood memory; of violent racial identity and the dark dreams and stark reality that has haunted humanity since its dawn, and one man s attempt to resist its primeval pull.
