Excerpt: .calculations of wages, c., would be saved entirely, and after the first year almanacs would be almost superfluous. I think it would furnish also a very good opportunity for discarding the present old pagan names of our days, by substituting others for them, such as Oneday, Twoday, Threeday, F ourday, for the current heathen names of the week days, and some appropriate distinctive name instead of Sunday, which has of course been a complete misnomer ever since the worship of the sun on that day was abolished. Restday would too readily suggest idleness as the proper use of it, and ignore the fact that the best mental rest is variation rather than cessation of occupation. I think that Goodday would best express the intended value and right use of it. I also think that the odd intercalatory day every fourth year should be a goodday added at the end of the year. Such an alteration would interfere with the calendar n0 further than as it would prove a convenience. All dates, historical, legal, or commercial; all anniversaries and calendrical epochs, are fixed by the day of the year or month, not of the week, and therefore would not be affected. In fixing the date of Easter-day, it would give two-sevenths more precision. It would, in fact, greatly facilitate every computation in which portions of a year, month, or week, were factors. Indeed it is difficult to see whom or what it would affect otherwise...
