This time travel mystery is based on the authors belief that Christopher Columbus discovered America on a secret first voyage that took place before his official and well documented voyage of 1492. No other interpretation, says the author, who has studied the life of Columbus over a period of many years, explains all the known mysteries, queries and questions regarding Columbus and his fraudulent claim of discovery under the flag of Castile. This is the mystery of the man who stole two continents, North and South America, in two different ways (1) legally from his former sovereign and (2) physically from its former owners the Amerindians. The story is told from the point of view of Dr. Solomon Cohen, who tells the story of how he and close friend, the Antiquarian, time travel back to 1500 A. D. where they sail the Spanish Main. There they investigate the alleged crimes of Columbus, who was at that time Viceroy and Governor of the New World as well as Admiral of the Atlantic. All characters, and major situations, although based on true life, have been entirely fictionalized. In this time travel mystery, do the Antiquarian and his friend, solve the mysteries of the great explorer Well, its a strange story . . . This item ships from multiple locations.
