

Creating Dynamic Capabilities: Rd Network Management for Globally Distributed Research and Development in the Software Industry (Paperback)

By Markus Alsleben

Createspace, United States, 2012. Paperback. Book Condition: New. 234 x 156 mm. Language: English . Brand New Book ***** Print on Demand *****.The sustainable long-term growth and survival of a corporation can only be achieved through the ongoing creation of innovative products and services. This is especially true in today's global software industry, which is characterized by ever-shorter product cycles, intense global competition and knowledge-intensive research and development (RD). The effective organization and management of a corporate RD function in a software enterprise has thus become a key success factor for sustainable competitive advantages. This doctoral dissertation submitted to the City University of Hong Kong, designs, implements and evaluates an organizational transformation and its supporting framework for a globally dispersed RD organization in the software industry as part of a two-year longitudinal case study at SAP, one of world's largest software companies. Based on the action design research methodology, this cross-disciplinary participatory case study, which draws from the areas of strategic management, global RD management, organizational theory and organizational change management, to take a systematic approach to investigate this phenomenon and obtain a normative model of global RD organizational enhancements. The book is therefore aimed at both academics...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.
