PRINCETON ARCHITECTURAL PRESS, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Skyline Park is the first book in our new Masterworks of Modern Landscape series. Designed by acclaimed landscape designer Lawrence Halprin in the 1970s, the park was part of an effort for urban renewal in downtown Denver and became a signature landmark of the city after its construction, attracting local residents, businesses, workers, and visitors alike. Skyline Park exemplifies Halprin s unique vision of the importance of a city s livability within the urban context, offering an oasis from the surrounding streets and businesses while still remaining a part of the city s vibrant downtown area. Drawing on Denver s natural surroundings for inspiration, Halprin captured Colorado s rugged beauty in his design. This monograph documents the history of the park s conception, construction and use in the time before its complete redesign in 2003, which essentially destroyed Halprin s original work. Conceived as a series of short monographs, the Masterworks of Modern Landscape series spotlights iconic landscapes that have been demolished or substantially altered and in the process chronicle their history and honour their legacies. Additionally, this series is intended to highlight our mid century landscape treasures while raising awareness of their unique design value, inherent vulnerability and historic preservation needs. The series serves as both a reminder of a significant designed landscape while also providing a best practices model for documentation.
